nixle

Dear Resident,

The Cochran Police Department has begun utilizing a new outreach service to share important, valuable community information when you need it, using the latest technology.

CPD will create and publish messages through the Nixle Community Information Service. Nixle will then deliver this information to you instantly via text, email and/or web message.

Example messages may include missing persons, wanted persons, weather alerts, traffic information, school information, police activity, public works information, fire department information, meeting notices and other relevant safety and community information for Cochran.

The service is secure, reliable and easy to use. YOU decide what information you want and whether you want it sent to your cell phone, email, or just simply over the web.

Please register now at the company's main web site: www.nixle.com. There you can also access their Frequently Asked Questions. You can also send a text message to 888777 and enter the keyword COCHRANPD in the message field. After you receive a response, reply by entering 31014 in the message field

I also ask you to share this information with your friends and neighbors in the community and encourage them to register.

As new forms of communication continue to evolve, we believe this service will allow us to keep you informed in the most convenient, reliable way possible. An informed community is a better and safer community.
