INDEPENDENT AUDITOR'S REPORT

Honorable Mayor and Members of City Council City of Cochran Cochran, Georgia

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the **City of Cochran Georgia** (the "City") as of and for the fiscal year ended June 30, 2012, which collectively comprise the City of Cochran, Georgia's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the City's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Cochran, Georgia as of June 30, 2012, and the respective changes in financial position and cash flows, where applicable, thereof or the fiscal year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated June 27, 2013, on our consideration of the City of Cochran, Georgia's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Accounting principles generally accepted in the United States of America require that the budgetary comparison information and the schedule of funding progress as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance. The City has not presented the Management's Discussion and Analysis that accounting standards generally accepted in the United States of America require to supplement, although not be a part of, the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of the financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Cochran, Georgia's basic financial statements. The combining and individual nonmajor fund financial statements, the schedule of special purpose local option sales tax expenditures and other grant schedules listed as supplementary information in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statements as a whole.

Macon, Georgia June 27, 2013 Mauldin & Jenkins, LLC

Notes to Financial Statements June 30, 2012

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

The City of Cochran, Georgia is an incorporated municipality under the provisions of Georgia law. The City operates under a Mayor and Council form of government. The City provides various services, levies taxes, and issues licenses as provided by the Charter. These services include public safety, highways and streets, sanitation, wastewater treatment, water, gas, and administrative services.

The financial statements of the City have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. As required by GAAP, these financial statements present the City and its component units, entities for which the City is considered to be financially accountable. Blended component units, although legally separate entities are, in substance, part of the City's operations and so data from these units are combined with data of the primary government. Discretely presented component units, on the other hand, are reported in a separate column in the combined financial statements to emphasize they are legally separate from the City.

Currently, the City has no blended or discretely presented component units. The City does have a duly organized downtown development authority which is currently inactive and, accordingly, is not included in these financial statements as a discretely presented component unit.

The City is responsible for appointing some of the members of the boards of other organizations, but the City's accountability for these organizations do not extend beyond making the appointments. These related organizations include the following:

Cochran-Bleckley Recreation Authority
Cochran-Bleckley Library Board
Cochran-Bleckley Industrial Development Authority
Cochran-Bleckley Health Board
Cochran Housing Authority
Cochran Municipal Airport Authority

Disbursements to these organizations based on contractual agreements have been budgeted and expended as part of the regular operations of the City.

B. Government-wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net assets and the statement of changes in net assets) report information on all of the nonfiduciary activities of the City (the primary government) and its component units. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. The City has elected not to allocate indirect costs among the programs, functions and segments. Program revenues include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported as general revenues.

Notes to Financial Statements June 30, 2012

Separate financial statements are provided for governmental funds and proprietary funds. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

C. Measurement Focus, Basis of Accounting and Basis of Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures and certain compensated absences and claims and judgments are recorded when due.

Revenues considered susceptible to accrual are property taxes, interest, and charges for services. Other receipts and taxes become measurable and available when cash is received by the City and are recognized as revenue at that time.

Entitlements and shared revenues are recorded at the time of receipt or earlier if the susceptible to accrual criteria are met. Expenditure-driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other grant requirements have been met.

The City reports the following major governmental funds:

The **General Fund** is the City's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The **Special Purpose Local Option Sales Tax - 2007 - Capital Projects Fund** accounts for capital outlay and other transactions related to the additional one-percent local option sales tax currently in effect.

The City reports the following major proprietary funds:

The **Water and Sewer Fund** is used to account for the provision of water and sewer services to businesses and residences of the City. All activities necessary to provide such services are accounted for in the fund, including but not limited to, administration, operation, financing and related debt services, and billing and collections.

The **Natural Gas Fund** is used to account for the provision of natural gas services to businesses and residences of the City. All activities necessary to provide such services are accounted for in the fund, including but not limited to, administration, operation, financing and related debt services, and billing and collections.

Notes to Financial Statements June 30, 2012

The **Solid Waste Fund** is used to account for the provision of solid waste services to businesses and residences of the City. All activities necessary to provide such services are accounted for in the fund, including but not limited to, administration, operation, financing and related debt services, and billing and collections.

The government-wide and business-type activities financial statements of the City follow FASB Statements and Interpretations issued on or before November 30, 1989, Accounting Principles Board Opinions and Accounting Research Bulletins, unless those pronouncements conflict with GASB pronouncements. Governments also have the options of following subsequent private-sector guidance for their business type activities and enterprise funds, unless those pronouncements conflict with or contradicts GASB pronouncements. The City has elected not to follow subsequent private sector guidance.

Major individual governmental funds and major individual proprietary funds are reported as separate columns in the fund financial statements.

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements.

Amounts reported as program revenues include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the City's proprietary funds are charges to customers for sales and services; operating expenses include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use for expenditures incurred, it is the City's policy to use restricted resources first, then unrestricted resources as they are needed. For unrestricted amounts of fund balance, it is the City's policy to use fund balance in the following order:

- Committed
- Assigned
- Unassigned

D. Budgetary Control

Each fund's appropriated budget is prepared on a detailed line item basis. Revenues are budgeted by source. Expenditures are budgeted by department and class. This constitutes the legal level of control. Expenditures may not exceed appropriations at this level. All budget revisions at this level are subject to final review by the City Council. Within these control levels, management may transfer appropriations without Council approval.

E. Budgets and Budgetary Accounting

The City follows these procedures in establishing the budgetary data reflected in the financial statements:

1. Prior to May 15, the Mayor submits to the City Council a proposed operating budget for the fiscal

Notes to Financial Statements June 30, 2012

year commencing the following July 1. The operating budget includes proposed expenditures and the means by which they are to be financed.

- 2. The City Council holds a public hearing on the budget, giving notice thereof at least 10 days in advance by publication in the official organ of the City of Cochran.
- 3. The budget is then revised and adopted or amended by the City Council at the first regular meeting prior to July 1 of the year to which it applies.
- 4. The budget so adopted may be revised during the year only by formal action of the City Council in a regular meeting and no increase shall be made therein without provision also being made for financing same.
- 5. The budget is adopted on a basis consistent with generally accepted accounting principles (GAAP).
- 6. Budgeted amounts are as originally adopted, or as amended by the Council. Amendments were made to the current year's budget. Appropriated annual budgets have been legally adopted for the General Fund, Special Revenue Fund, Debt Service Fund, and Enterprise Funds. A project length budget is adopted for the capital projects funds.

F. Encumbrances

Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditures of monies are reported in order to reserve that portion of applicable appropriations, is not employed by the City because it is considered impractical and not necessary to insure effective budgetary and cash planning and control.

G. Deposits and Investments

The City's cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments. For purpose of the statement of cash flows, the City considers all highly liquid investments with an original maturity of three months or less to be cash equivalents. The City maintains only checking and interest-bearing savings accounts in Georgia financial institutions as permitted by OCGA 36-83-4. Restricted investments include cash and certificates of deposit which have been segregated under the provisions of the revenue bond agreement. These investments are stated at cost plus accrued interest which approximates market value.

H. Inventories

Inventories are valued at cost, which approximates market, using the first-in, first-out (FIFO) method. The consumption method is used to account for inventories. Under the consumption method, inventory items are recognized as expenditures when used.

I. Prepaid Items

Prepaid items are recorded as expenditures in the governmental funds during the period benefited.

J. Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the City as assets with an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed.

Notes to Financial Statements June 30, 2012

Donated capital assets are recorded at estimated fair market value at the date of donation.

Prior to July 1, 2003, governmental funds' infrastructure assets were not capitalized. Infrastructure assets prior to July 1, 2003, have not been recorded on the books of the City.

The cost of normal repairs and maintenance that do not add to the value of the asset or materially extend assets lives are not capitalized.

Major outlays for capital and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets is included as part of the capitalized value of the assets constructed.

Property, plant, and equipment of the primary government, as well as the component units, is depreciated using the straight line method over the assets' estimated useful lives as follows:

	Estimated	
	Useful Lives	Capitalization
Asset Class	In Years	Threshold
Buildings	50	\$ 15,000
Building Improvements	20	\$ 5,000
Machinery and equipment	3-10	\$ 1,000
Water and sewer lines	30-50	\$ 1,500
Gas Lines	30-50	\$ 5,000
Airport runway	30-50	\$ 10,000
Infrastructure	30	\$ 7,500

K. Accumulated Unpaid Vacation, Sick Pay, and Other Employee Benefits

Vacation leave is earned by all permanent City employees at a rate determined by the amount of continuous employment the employee has with the City for the first 15 years of service. After fifteen years of service, the employees earn at a rate of eighteen days per year. Vacation leave may be accumulated and carried over to a maximum of 30 days per employee. Upon separation from the City, employees are entitled to accumulated vacation leave. In governmental funds, the cost of vacation leave is recognized when payments are made to employees. Proprietary funds accrue vacation leave in the period they are earned.

L. Long-Term Obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net assets. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds using the straight-line method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as deferred charges and amortized over the term of the related debt.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Notes to Financial Statements June 30, 2012

M. Fund Equity

1. Government-wide Statements

Equity is classified as net assets and displayed in three components:

- a. Invested in capital assets, net of related debt Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
- b. Restricted net assets Consists of net assets with constraints placed on the use either by 1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or 2) law through constitutional provisions or enabling legislation.
- c. Unrestricted net assets All other net assets that do not meet the definition of "invested in capital assets, net of related debt" or "Restricted".

2. Fund Statements

Governmental fund equity is classified as fund balance. Generally, fund balance represents the difference between the current assets and current liabilities. In the fund financial statements, governmental funds report fund classifications that comprise a hierarchy based primarily on the extent to which the City is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. Fund balances are classified as follows:

- Nonspendable Fund balances are reported as nonspendable when amounts cannot be spent because they are either (a) not in spendable form (i.e., items that are not expected to be converted to cash) or (b) legally or contractually required to be maintained intact.
- **Restricted** Fund balances are reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the City or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.
- *Committed* Fund balances are reported as committed when they can be used only for specific purposes pursuant to constraints imposed by formal action of the City Council through the approval of a motion. Only the City Council may modify or rescind the commitment.
- Assigned Fund balances are reported as assigned when amounts are constrained by the City's
 intent to be used for specific purposes, but are neither restricted nor committed. Through
 resolution, the City Council can authorize the City Clerk or designee to assign fund balances.
- *Unassigned* Fund balances are reported as unassigned as the residual amount when the balances do not meet any of the above criteria. The City reports positive unassigned fund balance only in the general fund. Negative unassigned fund balances may be reported in all funds.

Proprietary fund equity is classified the same as in the government-wide statements.

N. Bond Issuance Costs

In governmental fund types, issuance costs are recognized in the current period. Issuance costs for the enterprise funds are capitalized and are being amortized on a straight-line basis over the life of the related bond. The difference between the reacquisition price of enterprise fund bonds and the net carrying amount of

Notes to Financial Statements June 30, 2012

debt refunded is deferred and amortized over the life of the new bond issue or the old debt, whichever is shorter.

O. Interfund Transactions

Quasi-external transactions are accounted for as revenues, expenditures or expenses. Transactions that constitute reimbursements to a fund for expenditures/expenses initially made from it that are properly chargeable to another fund are recorded as expenditures/expenses in the reimbursing fund and as reductions of expenditures/expenses in the fund that is reimbursed. All other interfund transactions are reported as transfers.

P. Allowance for Uncollectible Accounts

Allowances for uncollectible accounts are maintained for all types of receivables which historically experience uncollectible accounts.

Q. Post-employment health care benefits

Under the Consolidated Omnibus Budget Reconciliation Act (COBRA), the City provides healthcare benefits to eligible former employees and eligible dependents. Certain requirements are outlined by the federal government for this coverage. The premium is paid in full by the insured for the actual month covered. This program is offered for duration of 18 months after the termination date. There is no associated cost to the City under this program.

R. Concentrations of Credit Risk

The City's Water and Sewer, Natural Gas, and Solid Waste Enterprise Funds services serve customers within the City of Cochran. The balance of receivables is composed mostly of residential and smaller commercial accounts. The City does not expect to incur significant losses as a result of these receivables. Management believes that the allowance for uncollectibles is adequate to cover all anticipated future losses on these receivables.

S. Use of Estimates

Preparation of the City's financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent items at the date of the financial statements and the reported amounts or revenues and expenses/expenditures during the reporting period. Actual results could differ from those estimates.

T. Advertising Costs

Advertising costs are recorded as expenditures or expenses, as appropriate, in the period incurred. No advertising costs are capitalized.

2. DEPOSITS AND INVESTMENTS

Custodial credit risk for deposits is the risk that in the event of a bank failure, the Government may not be able to recover its deposits or recover collateral securities in the possession of an outside party. At year end, the City had deposits of \$1,792,952 the carrying amount for these deposits was \$1,531,399. The City's deposits were insured or collateralized with securities held by the City, an agent in the name of the City, or securities pledged by the financial institution in the name of the City.

Notes to Financial Statements June 30, 2012

Georgia law authorizes local governments to invest in the following types of obligations:

- · Obligations of the State of Georgia or any other state;
- · Obligations issued by the United States;
- · Obligations fully insured or guaranteed by the United States government or governmental agency;
- · Obligations of any corporation of the United States Government;
- Prime bankers' acceptances;
- · The State of Georgia Local Government Investment Pool;
- · Repurchase agreements; and
- · Obligations of other political subdivisions of the State of Georgia.

The City maintains only checking and interest-bearing savings accounts in Georgia financial institutions as permitted by OCGA 36-83-4. Restricted investments include cash and certificates of deposit which have been segregated under the provisions of the revenue bond agreement. These investments are stated at cost plus accrued interest which approximates market value.

Total deposits are reported under the following captions in the statement of net assets:

Cash\$	802,412
Restricted Investments, Current	66,487
Restricted Investments, Noncurrent	421,441
Investments	241,059
Carrying Amount	1,531,399
Cash on hand	760
Totals <u>\$</u>	

Restricted investments have been reported as non-current restricted assets on the balance sheet.

3. PROPERTY TAXES

The City levies property taxes on September 1st of each year. Due date for these taxes is December 20th and the lien date is the following March 1st. Taxes are collected throughout the year.

Property taxes for the fiscal year ended June 30, 2012, were assessed at the net rate of 9.650 mills on the dollar on a total assessed valuation of \$88,074,811.

In the governmental fund financial statements, property taxes are recorded as receivables and deferred at the time the tax levy is billed. Revenues are recognized as the related ad valorem taxes are collected. Additional amounts estimated to be collectible within sixty days following the close of the fiscal year are therefore susceptible to accrual in accordance with GAAP and have been recognized as revenue.

In the government-wide financial statements, property taxes receivable and related revenue include all amounts due the City regardless of when cash is received. Over time, substantially all property taxes are collected.

Notes to Financial Statements June 30, 2012

4. ACCOUNTS RECEIVABLE

Receivables at year-end for the City's individual major funds and non-major funds in the aggregate and the related allowance for uncollectibles is as follows:

<u>General</u>	Capital Projects SPLOST 2007	Nonmajor Governmental Funds	Water and Sewer Fund	Natural Gas Fund	Solid Waste Fund	Total
Taxes \$ 36,777 Less allowance for	\$ -	\$ -	\$ -	\$ -	\$ -	\$ 36,777
uncollectibles (9,186) Net Taxes 27,591			-			(9,186) 27,591
Fines	-	-	-	-	-	418,321
Less allowance for uncollectibles		-	-			(393,511) 24,810
Customers Less allowance for	-	-	484,719	353,433	234,687	1,072,839

Intergovernmental 51,143	61,358	37,657				150,158
Others 4,852						4,852
Total receivables \$ 108,396	\$ 61,358	\$ 37,657	\$ 201,997	\$ 120,196	<u>\$ 72,691</u>	\$ 602,295

5. CAPITAL ASSETS

Capital asset activity for the year ended June 30, 2012, was as follows:

	Balance			Balance			
<u>Description</u>	Beginning	Additions	Retirements	Ending			
Governmental activities:							
Capital assets, not being depreciated:							
Land\$	876,374	\$ -	\$ -	\$ 876,374

6. JOINT VENTURES

The City of Cochran participates in three joint ventures, which are not part of the City's reporting entity.

A. Jointly Owned Natural Gas Transmission Line

The Jointly Owned Natural Gas Transmission Line was established in 1953 by the cities of Warner Robins, Perry, Hawkinsville, and Cochran, Georgia. The venture was established to provide maintenance and related services for the natural gas transmission line serving the member cities. The joint venture is governed by a four-member board composed of one member from each participating city. Under the terms of the joint venture contract, each city pays for and owns its own separate section of the transmission line. The income generated from the venture is allocated to each city based on various percentages as specified in the joint venture contract. Each city's share in the income and retained earnings of the joint venture is reported in the audited financial statements of the Jointly Owned Natural Gas Transmission Line. The Jointly Owned Natural Gas Transmission Line net income (loss) and retained earnings as of and for the years ended September 30, 2011 and 2010 allocated to the City of Cochran are reported in the Natural Gas Enterprise Fund as of and for the years ended June 30, 2012 and 2011.

The amounts allocated to the City of Cochran in the audited financial statements of the Jointly Owned Natural Gas Transmission Line as of and for the years ended September 30, 2011 and 2010 are as follows:

	2011	2010
Retained earnings, beginning Net income (loss) for the year		\$646,202 24,659
Retained earnings, ending	\$693,348	<u>\$ 670,861</u>

The above amounts are reported in the Natural Gas Enterprise Fund of the City of Cochran as of and for the years ended June 30, 2012 and 2011, are as follows:

	2012	2011
Investment in joint venture	\$693,348	<u>\$ 670,861</u>
Net income (loss) from joint venture	\$ 22,487	\$ 24,659

The audited financial statements of the Jointly Owned Natural Gas Transmission Line are available at City Hall, P.O. Box 8, Cochran, Georgia 31014.

B. Cochran-Bleckley Emergency Management Office

The Cochran-Bleckley Emergency Management Office is a joint venture between the City of Cochran, Georgia and Bleckley County, Georgia. The net monthly cost of operations of this joint venture is paid equally by the City and the County. The total expenditures paid by the General Fund of the City of Cochran for the year ended June 30, 2012, were \$37,237. However, the operations, capital assets and long-term debt were transferred to the books and records of Bleckley County, Georgia, under agreement with the City of Cochran and Bleckley County, Georgia, for 2004 and future years.

Notes to Financial Statements June 30, 2012

C. Regional Commission

Under Georgia law, the City, in conjunction with municipalities and counties in the eleven (11) county Heart of Georgia area are members of the Heart of Georgia Regional Commission (HGRC). Membership in the HGRC is required for each municipality and county in the Heart of Georgia region. The Official Code of Georgia Section 50-8-34 provides for the organizational structure. The HGRC Board membership includes the elected official of each county and the chief elected official of each municipality. The City board members and municipal board members from the same county elect one Member of the Board who is a resident (but not an elected or appointed official or employee of the County or municipality) to serve as a nonpublic member and a minority member who must be an elected official to serve as board members from a County. O.C.G.A. 50-8-39.1 provides that the member governments are liable for any debts or obligations of the HGRC. Separate financial statements for the HGRC are available from: Heart of Georgia Regional Commission, 5405 Oak Street, Eastman, GA 31023.

7. COMPLIANCE

The City levies and collects a five percent hotel/motel tax in accordance with the provisions of OCGA 48-13-51. The City has complied with the expenditure requirements of this code section as required under Code Section 36-81-7. Presented below is a table which summarizes hotel/motel tax transactions during the current fiscal year and is reported in the special revenue fund:

Total Hotel/Motel tax funds expended	\$ 19,398
Total Hotel/Motel tax receipts	\$ 19,398
Percentage of expenditures to tax receipts	100 %

Deficit Fund Balance-

The following funds had a deficit fund balance at year end:

General Fund \$ 402,433 Capital projects – CDBG \$ 15,333

The City plans to reduce expenditures in future periods to eliminate these deficits.

Excess of Expenditures Over Appropriations in Individual Departments and Budget Compliance-

No individual funds or departments had an excess of expenditures over appropriations during the current year.

SPLOST Funds-

SPLOST Funds were maintained in separate bank accounts as required by O. C. G. A. 48-8-121(a)(1) during the current year. Funds had been advanced to and are due from other funds in the amount of \$47,856 for the 2001 SPLOST and \$409,203 for the 2007 SPLOST.

8. LONG-TERM LIABILITIES

\$ 5,081	\$ -	\$ 5,081	\$ 159,842	\$ -	\$ 159,842		

The City had no earnings on unexpended debt proceeds and, accordingly, federal arbitrage regulations do not currently apply.

<u>1,944</u> \$ <u>64,781</u> \$ <u>3,464,281</u> \$ <u>2,754,894</u> \$ <u>6,219,175</u>

For governmental activities, compensated absences are generally liquidated by the general fund.

The City has several annually renewable leases on office equipment with no contingent payments included therein. Total equipment rental during the current year was \$20,100.

The City did not have short-term debt activity during the current year.

9. RESTRICTED ASSETS - PROPRIETARY FUNDS

Totals <u>\$ 3,401,444</u> <u>\$2,752,950</u> <u>\$6,154,394</u> <u>\$</u>

The revenue bonds payable require the restriction of certain fund assets for the purpose designated by the revenue bond agreement. The assets so designated have been identified as "restricted investments" on the balance sheet and include cash and certificates of deposit. The significant requirements of the bond covenants were met on a timely basis through June 30, 2012.

Notes to Financial Statements June 30, 2012

10. INTERFUND BALANCES AND TRANSFERS

Interfund balances as of the end of the current year were for routine operating functions in payroll and debt service administration in prior years. The interfund balances are expected to be repaid within one year from June 30, 2012.

Interfund balances of amounts due to/from other funds and transfers by fund as of and for the year ended June 30, 2012, are as follows:

11. GRANTS

In the normal course of operations, the City, receives grant funds from various Federal and State agencies. The grant programs are subject to audit by agents of the granting authority, the purpose of which is to ensure compliance with conditions precedent to the granting of funds. Any liability for reimbursement which may arise as the result of these audits is not believed to be material.

12. RISK MANAGEMENT

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters. The City maintains commercial insurance coverage covering each of those risks of loss. Management believes such coverage is sufficient to preclude any significant uninsured losses to the City. Settled claims have not exceeded this commercial coverage in any of the past three fiscal

Notes to Financial Statements June 30, 2012

years. There have been no significant reductions in insurance coverage in the current year. Commercial insurance premiums totaled \$123,369 during the current year.

13. COMMITMENTS AND CONTINGENT LIABILITIES

Litigation

There are currently no lawsuits pending against the City.

14. PENSION PLANS

A. Plan Description

The City's defined benefit plan, City of Cochran Retirement Plan, is administered through the Board of Trustees of the Georgia Municipal Employees Benefit System Retirement Fund (GMEBS) an agent multiple employer pension fund. The plan was established by a City ordinance under authority of Georgia law. The authority to establish and amend the benefit provisions of the plan rests with the City. The amount of current year covered payroll is \$1,900,656. The total current year payroll for all employees is \$2,144,488. The GMEBS issues a publicly available financial report that includes financial statements and required supplemental information for GMEBS.

That report may be obtained at City Hall of Cochran, Georgia, or by contacting the Georgia Municipal Association Risk Management and Employee Benefit Services, 201 Pryor Street, S.W., Atlanta, Georgia 30303-3606.

The plan covers all employees who have completed one continuous year of service and who normally work thirty or more hours per week. The plan also covers elected officials, effective December 1, 1991. Benefits are fully vested after ten years of service. Normal retirement age for employees is the earlier of age sixty-five with five years of service or upon the completion of thirty years of service, whichever is earlier. Normal retirement date for elected or appointed officials is age sixty-five or upon the completion of thirty years of service, whichever is earlier. All participants may elect early retirement upon the attainment of age fifty-five with a minimum of ten years of service.

The monthly retirement benefits, upon normal retirement, are as follows:

Full-time employees:

One-twelfth (1/12) the sum of: one percent (1%) of the Participant's Final Average Earnings up to the amount of Covered Compensation for the Participant's applicable year of birth, plus one and three-fourths percent (1-3/4%) of the Participant's Final Average Earnings in excess of the Covered Compensation applicable to the Participant, multiplied by years of Total Credited Service.

Elected or appointed members:

Ten dollars per month for each year of Service or major fraction thereof. However, in no event shall the Participant's Monthly Retirement Benefit exceed 100% of the monthly salary he was receiving as an elected or appointed member of the governing authority immediately prior to his retirement.

Benefits are adjusted accordingly for early retirement and delayed retirement.

The Plan is subject to the minimum funding standards of the Public Retirement Systems Standards Law (Georgia Code Section 47-20-10). The estimated minimum annual contribution under these funding standards is \$195,413. If the City funds the recommended contribution each year, the Plan will meet applicable funding standards. Active plan members are not required or permitted to contribute to the Plan.

Notes to Financial Statements June 30, 2012

B. Effect of Plan Changes on the Actuarial Accrued Liability

The plan provisions valued and the actuarial assumptions are the same as those used in the preceding valuation.

C. Effect of Plan Changes on Recommended Contributions

The plan provisions valued and the actuarial assumptions and cost methods used to determine the contribution requirement are the same as those used to determine the contribution requirement for the preceding year.

D. Significant Actuarial Assumptions

The significant actuarial assumptions used to compute the actuarial accrued liability and the annual recommended contribution of the plan used in the current valuation are:

-	Investment rate of return	7.75 % per year
-	Inflation rate assumption	3.50 % per year
-	Projected salary increase assumption	3.50% per year
-	Cost of living adjustments	0.00% per year

E. Funding Policy and Annual Contribution

The funding policy for the plan is to contribute an amount equal to the annual pension cost listed in A. below in each year. The recommending contributions are determined under the projected unit credit actuarial cost method and the asset valuation method for developing the actuarial value of assets as described in 2 below. The period, and related method, for amortizing the initial unfunded actuarial accrued liability is 30 years from 1981 and current changes in the unfunded actuarial accrued liability over 15 years for actuarial gains and losses, 20 years for plan provisions and 30 years for actuarial assumptions and cost methods as a level dollar amount. These amortization periods, if applicable, are closed for this plan year.

Administrative Expenses

Actuarial Methods:

Normal Cost and Actuarial Accrued Liability

Actuarial Value of Assets

Asset Valuation Method

Life annuity

\$5,000 plus \$50 per participant, plus 0.05% of the market value of assets. This calculation is completed by GMEBS as of the end of calendar year preceding this valuation.

Projected Unit Credit Cost Method.

Normal cost and actuarial accrued liability are calculated on an individual basis and are allocated by service.

Sum of the actuarial value at the beginning of the year and the cash flow during the year plus the assumed investment return, adjusted by 10 percent of the amount that the value exceeds or is less than the market value at the end of year. The actuarial value is adjusted, if necessary, to be within 50% of market value, for 2009, 44% of market value for 2010, 38% of market value for

Notes to Financial Statements June 30, 2012

Other Features

2011, 32% market value for 2012, 26% of market value for 2013, and 20% market value for 2014 and later years.

First year of service not credited, applies to participants terminating before 5-1-96. (Effective 5-1-95)

For participants who have completed ten (10) years of total credited service, unused sick leave counts at a rate of 20 days equals 1 month of additional credited service. No maximum. Partial months shall not be credited. Unused sick leave cannot count toward any age, service, participation or vesting requirement under the plan.

In-service distribution effective 1-1-2000, retired participants who are elected to serve as council members may continue to receive early or normal retirement benefit if they return to elective office with the City. This early retirement provision requires participants to be retired for a minimum of six months prior to taking office.

No changes in plan features since last valuation.

The schedule of funding progress, presented as RSI following the notes to the financial statements, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

The City also participates in the Georgia Peace Officer's Annuity Benefit Program and does not present amounts under this defined contribution plan in its financial statements. Total employer payments under this plan for the years ended June 30, 2012 and 2011, respectively, are \$8,582 and \$7,957. Contributions are based upon fines collected and not upon salaries. Employees do not contribute to the plan.

15. AMORTIZATION

The following is a summary of bond issue cost and related amortization:

_	Bond Issue Cost	Accumulated Amortization		 Net	
Balance, beginning of year	40,311	\$	8,843	\$ 31,468	
Amortization expense			1,010	 (1,010)	
Balance, end of year	40,311	\$	9,853	\$ 30,458	

Notes to Financial Statements June 30, 2012

16. PRIOR PERIOD RESTATEMENT

The City has determined that a restatement of beginning fund deficit of the General Fund is necessary to change the accrual for local option sales tax. This adjustment resulted in a change to the beginning fund deficit of the General Fund as follows:

Fund deficit, as previously reported\$	(208,565)
Reversal of sales tax accrual	(45,940)
Fund deficit, as restated\$	(254,505)

The City has determined that a restatement of beginning fund balance of the Special Sales Tax - 2007 Fund is necessary to change the accrual for special purpose local option sales tax. This adjustment resulted in a change to the beginning fund balance of the Special Sales Tax - 2007 as follows:

Fund balance, as previously reported	\$ 585,575
Reversal of sales tax accrual	(33,771)
Fund balance, as restated	\$ 551,804

The City has determined that a restatement of beginning net assets of the Water and Sewer Fund is necessary to change the accrual of accounts receivable for unbilled consumption. These adjustments resulted in a change to the beginning net assets of the Water and Sewer Fund as follows:

Net assets, as previously reported\$	3,545,682
Adjustment for unbilled receivables	63, 600
Net assets, as restated	3,609,282

The City has determined that a restatement of beginning net assets of the Natural Gas Fund is necessary to change the accrual of accounts receivable for unbilled consumption. These adjustments resulted in a change to the beginning net assets of the Natural Gas Fund as follows:

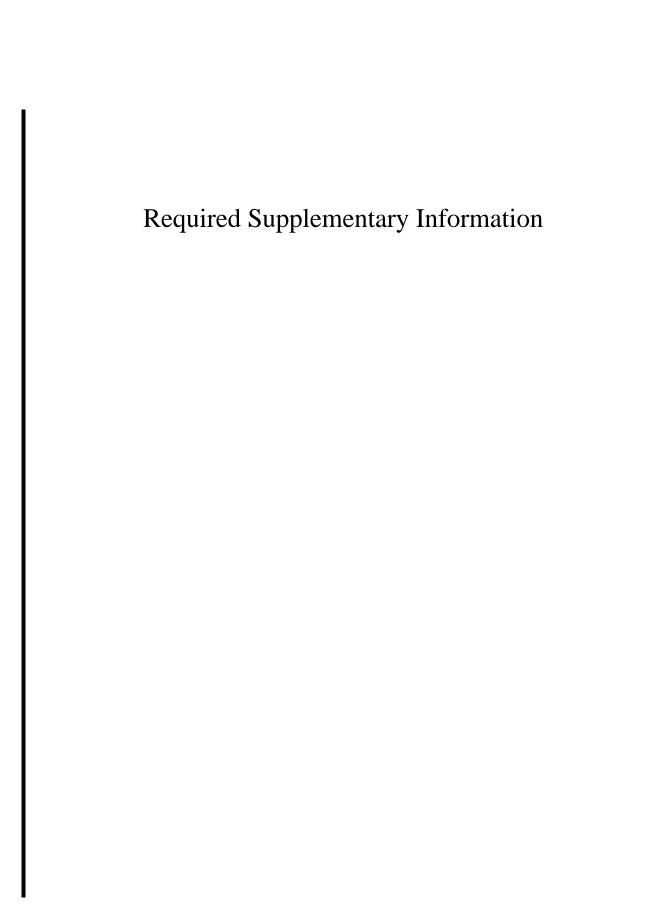

Net assets, as previously reported\$	1,482,216
Adjustment for unbilled receivables	21,700
Net assets, as restated	1,503,916

The City has determined that a restatement of beginning net assets of the governmental activities in the Statement of Activities is necessary to change adjustments made for the opening fund balance of the General Fund, Special Sales Tax-2007 as noted in the first and second tables of this note. These adjustments resulted in a change to the beginning net assets of Governmental Activities as follows:

Net assets, as previously reported\$	9,117,750
Adjustment for:	
General Fund restatement	(45,940)
Special Sales Tax- 2007 Fund restatement	(33,771)
Net assets, as restated\$	9,038,039

The City has determined that a restatement of beginning net assets of the Business-Type Activities in the Statement of Activities is necessary to change adjustments made for the opening net assets of the Water and Sewer and Natural Gas Funds noted in the third and fourth tables of this note. These adjustments resulted in a change to the beginning net assets of Business-Type Activities as follows:

Net assets, as previously reported\$	5,361,909
Adjustment for:	
Water and Sewer Fund restatement	63,600
Natural Gas Fund restatement	21,700
Net assets, as restated\$	5,447,209

The assumptions used in the preparation of the above schedule are disclosed in Note 14 in the Notes to the Financial Statements.

The plan provisions valued and the actuarial assumptions are the same as those used in the preceding valuation. The plan provisions valued and the actuarial assumptions and cost methods used to determine the contribution requirement are the same as those used to determine the contribution requirement for the preceding year.

Notes to Required Supplementary Information June 30, 2012

Budgetary Control

Each fund's appropriated budget is prepared on a detailed line item basis. Revenues are budgeted by source. Expenditures are budgeted by department and class. This constitutes the legal level of control. Expenditures may not exceed appropriations at this level. All budget revisions at this level are subject to final review by the City Council. Within these control levels, management may transfer appropriations without Council approval.

Budgets and Budgetary Accounting

The City follows these procedures in establishing the budget:

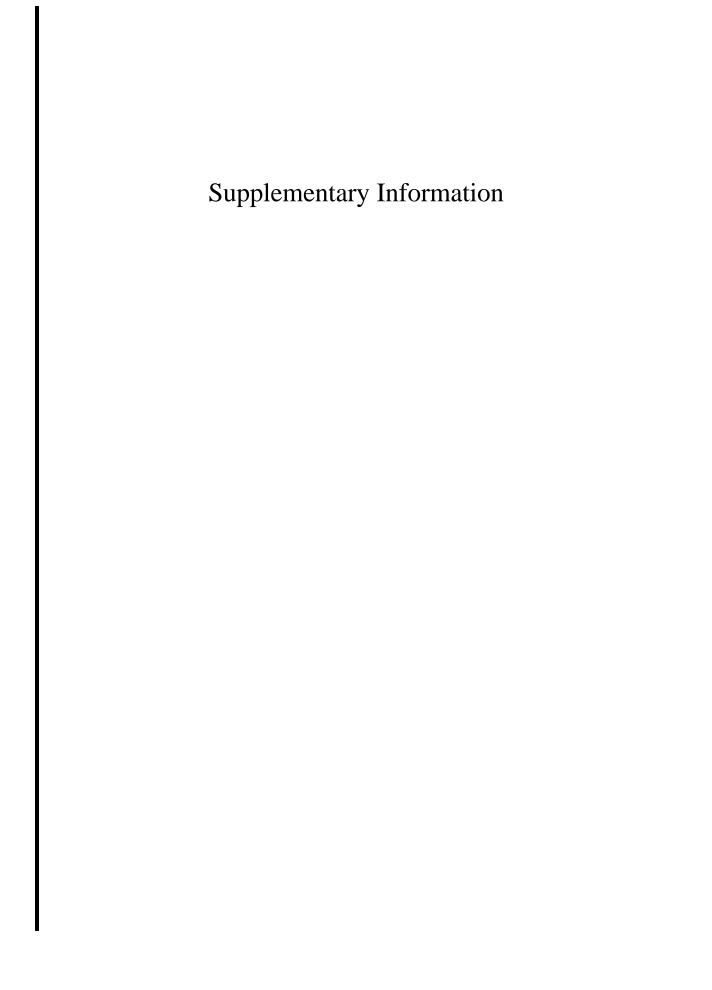

- 1. Prior to May 15, the Mayor submits to the City Council a proposed operating budget for the fiscal year commencing the following July 1. The operating budget includes proposed expenditures and the means by which they are to be financed.
- 2. The City Council holds a public hearing on the budget, giving notice thereof at least 10 days in advance by publication in the official organ of the City of Cochran.
- 3. The budget is then revised and adopted or amended by the City Council at the first regular meeting prior to July 1 of the year to which it applies.
- 4. The budget so adopted may be revised during the year only by formal action of the City Council in a regular meeting and no increase shall be made therein without provision also being made for financing same.
- 5. The budget is adopted on a basis consistent with generally accepted accounting principles (GAAP).
- 6. Budgeted amounts are as originally adopted, or as amended by the Council. Amendments were made to the current year's budget. Appropriated annual budgets have been legally adopted for the General Fund, Special Revenue Fund, Debt Service Fund, and Enterprise Funds. A project length budget is adopted for the Capital Projects Funds.

Encumbrances

Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditures of monies are reported in order to reserve that portion of applicable appropriations, is not employed by the City because it is considered impractical and not necessary to insure effective budgetary and cash planning and control.

Excess of Expenditures over Appropriations in Individual Departments and Budget Compliance:

No individual funds or departments had an excess of expenditures over appropriations during the current year.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Honorable Mayor and Members of City Council City of Cochran Cochran, Georgia

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of **the City of Cochran, Georgia** (the "City") as of and for the fiscal year ended June 30, 2012, and have issued our report thereon dated June 27, 2013. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

Management of the City is responsible for establishing and maintaining effective internal control over financial reporting. In planning and performing our audit, we considered the City's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over financial reporting.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses and therefore, there can be no assurance that all deficiencies, significant deficiencies, or material weaknesses have been identified. However, as described in the accompanying schedule of findings and responses, we identified certain deficiencies in internal control over financial reporting that we consider to be material weaknesses and another deficiency that we consider to be a significant deficiency.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. We consider the deficiencies described in the accompanying schedule of findings and responses as items 2012-01 and 2012-02 to be material weaknesses.

A significant deficiency is a deficiency or combination of deficiencies in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the deficiency described in the accompany schedule of findings and responses as item 2012-03 to be a significant deficiency.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance and other matters that are required to be reported under Government Auditing Standards and which are described in the accompanying schedule of findings and responses as items 2012-04 and 2012-05.

We noted certain matters that we reported to management of the City in a separate letter dated June 27, 2013.

The City of Cochran, Georgia's responses to the findings identified in our audit are described in the accompanying schedule of findings and responses. We did not audit the City's responses and, accordingly, we express no opinion on them.

This report is intended solely for the information and use of management, the Mayor and City Council, and others within the entity, the State of Georgia, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

Macon, Georgia June 27, 2013 Mauldin & Gerkins, LLC

SCHEDULE OF FINDINGS AND RESPONSES FOR THE FISCAL YEAR ENDED JUNE 30, 2012

SECTION I SUMMARY OF AUDIT RESULTS

Financial Statements	
Type of auditor's report issued	Unqualified
Internal control over financial reporting:	
Material weaknesses identified?	x yes no
Significant deficiencies identified	yes no
Noncompliance material to financial statements noted?	X_ yes no

SECTION II FINANCIAL STATEMENT FINDINGS AND RESPONSES

2012-01. Unbilled Utility Accounts Receivable

Criteria: Generally accepted accounting principles generally require the reporting of accounts receivable and related revenues be recognized in the accounting period in which they are measurable and available to finance expenditures of the current period.

Condition: At both June 30, 2011 and June 30, 2012, amounts recorded as outstanding for Water and Sewer and Natural Gas utility billing receivables were not properly stated.

Context: At both June 30, 2011 and June 30, 2012, there was an amount of utility consumption not yet billed by the City. The City did not properly record these amounts as outstanding at June 30, 2011 or June 30, 2012.

Effect: Adjustments to the Water and Sewer and Natural Gas funds, in the amounts of \$63,600 and \$21,700, respectively, were required to properly restate net assets as of June 30, 2011. Adjustments to the Water and Sewer and Natural Gas funds, in the amounts of \$62,500 and \$21,100 respectively, were required to properly state the balance of accounts receivable as of June 30, 2012.

COCHRAN, GEORGIA

SCHEDULE OF FINDINGS AND RESPONSES FOR THE FISCAL YEAR ENDED JUNE 30, 2012

SECTION II FINANCIAL STATEMENT FINDINGS AND RESPONSES (CONTINUED)

2012-01. Unbilled Utility Accounts Receivable (Continued)

Cause: Management did not consider the effects of utilities consumed, but not billed, as of June 30.

Recommendation: We recommend the City consider and calculate the amount of utilities consumed, but not billed as of each fiscal year-end in all utility funds.

Views of Responsible Officials and Planned Corrective Action: We concur. The City will consider unbilled utility consumption and the recording of the related accounts receivable in future periods.

2012-02. Sales Taxes Accounts Receivable

Criteria: Generally accepted accounting principles generally require the reporting of accounts receivable and related revenues be recognized in the accounting period in which they are measurable and available to finance expenditures of the current fiscal period.

Condition: At both June 30, 2011 and June 30, 2012, amounts recorded as outstanding for local option sales tax (LOST) and special purpose local option sales tax (SPLOST) were not properly stated.

Context: At both June 30, 2011 and June 30, 2012, there was an amount of LOST and SPLOST revenues included in accounts receivable which did not relate to the respective fiscal year. Due to a change in the state's disbursement system, remittances of LOST and SPLOST are more timely than in previous fiscal years.

Effect: Adjustments to the General Fund and Special Sales Tax – 2007 Fund in the amounts of \$45,940 and \$33,771, respectively, were required to properly restate fund balance as of June 30, 2011. Adjustments to the General Fund and Special Sales Tax – 2007 Fund, in the amounts of \$42,334 and \$31,112, respectively, were required to properly state the balance of accounts receivable as of June 30, 2012.

Cause: Management did not consider the effects of the change in the state's disbursement system as it related to the timing of underlying sales related to sales tax.

SCHEDULE OF FINDINGS AND RESPONSES FOR THE FISCAL YEAR ENDED JUNE 30, 2012

SECTION II FINANCIAL STATEMENT FINDINGS AND RESPONSES (CONTINUED)

2012-02. Sales Taxes Accounts Receivable (Continued)

Recommendation: We recommend the City review sales tax collections to ensure accounts receivable is properly stated as of each fiscal year end.

Views of Responsible Officials and Planned Corrective Action: We concur. The City will review accounts receivable to ensure amounts are properly stated in future periods.

2012-03. Segregation of Duties (Repeat of Finding 06-1)

Criteria: Internal controls should be in place that provide reasonable assurance that an individual cannot misappropriate funds without being detected during the normal course of business.

Condition: Due to a limited number of personnel, overlapping duties exist in the City's operations, primarily in the areas of cash receipts and disbursements. This overlapping of duties presents a situation where unauthorized use of assets could occur and not be detected within a timely period.

Effect: Failure to fully segregate duties between recording, processing, and reconciliation of accounts can lead to misappropriation of funds that are not detected during the normal course of business.

Recommendation: We recommend the City implement compensating controls to reduce the risk presented by lack of segregation of duties and re-evaluate current processes and assignments to implement segregation of duties where possible.

Views of Responsible Officials and Planned Corrective Action: We concur. We realize with limited personnel, complete segregation of duties is not possible. We will re-evaluate assigned duties of all personnel to implement segregation of duties and compensating controls where possible.

SCHEDULE OF FINDINGS AND RESPONSES FOR THE FISCAL YEAR ENDED JUNE 30, 2012

SECTION II FINANCIAL STATEMENT FINDINGS AND RESPONSES (CONTINUED)

2012.04. Violation of Georgia Law - SPLOST Funds

Criteria: The OCGA Section 48-8-121(a)(1) states that the proceeds received from the tax authorized by this part shall be used by the county and qualified municipalities within the special district receiving proceeds of the sales and use tax exclusively for the purpose or purposes specified in the resolution or ordinance calling for imposition of the tax. Such proceeds shall be kept in a separate account from other funds of such county and each qualified municipality receiving proceeds of the sales and use tax and shall not in any manner be commingled with other funds of such county and each qualified municipality receiving proceeds of the sales and use tax prior to the expenditure.

Condition: The City has advanced some SPLOST funds to other funds of the City.

Context: We reviewed the general ledger noting transfers of funds from the SPLOST to other funds of the City.

Effect: The City was in violation of OCGA Section 48-2-121(a)(1).

Cause: Internal controls should be in place to prevent transfers from restricted accounts to fund the daily operations of the City.

Recommendation: We recommend the City implement procedures to ensure restricted funds are not accessed to finance daily operations of the City.

Views of Responsible Officials and Planned Corrective Action: We concur. The City will implement controls to prevent transfers of this nature in the future.

2012.05. Violation of Bond Covenants - Sinking Fund

Criteria: Periodic transfers to the bond sinking fund are required to build a reserve for future debt payments. These funds should not be available to finance operations of the City.

Condition: The City has advanced some Water and Sewer sinking funds to the Water & Sewer Fund operating account. Subsequent to fiscal year end, the shortage to the sinking fund was repaid.

SCHEDULE OF FINDINGS AND RESPONSES FOR THE FISCAL YEAR ENDED JUNE 30, 2012

SECTION II FINANCIAL STATEMENT FINDINGS AND RESPONSES (CONTINUED)

Context: We reviewed the general ledger noting transfers of funds from the Water and Sewer sinking fund to the Water & Sewer operating account.

Effect: The City was in violation of bond sinking fund requirements.

Cause: Internal controls should be in place to prevent transfers from restricted accounts to fund the daily operations of the City.

Recommendation: We recommend the City implement procedures to ensure restricted funds are not accessed to finance daily operations of the City.

Views of Responsible Officials and Planned Corrective Action: We concur. The City will implement controls to prevent such transfers of this nature in the future.

SECTION III FEDERAL AWARDS FINDINGS AND QUESTIONED COSTS

No Single Audit was performed. As such, there are no federal award findings to report.

SCHEDULE OF PRIOR FISCAL YEAR FINDINGS FOR THE FISCAL YEAR ENDED JUNE, 2012

Finding 06-1 Segregation of Duties

Criteria: Internal controls should be in place that provide reasonable assurance that an individual cannot misappropriate funds without being detected during the normal course of business.

Condition: Due to the limited number of personnel, overlapping duties existed in the City's operations, primarily in the areas of cash receipts and disbursements. This overlapping of duties presents a situation where unauthorized use of assets could occur and not be detected within a timely period.

Auditee Response/Status: Unresolved. See 2012-03

Finding 09-2 Violation of Georgia Law - Balanced Budget

Criteria: The OCGA Section 48-8-121(a)(1) states that each unit of local government shall adopt and operate under an annual balanced budget for the General Fund, each special revenue fund, and each debt service fund used in a local government.

Condition: The City did not adopt an original balanced budget for the General Fund, however, the amended budget was balanced.

Auditee Response/Status: Resolved.

Finding 09-2 Violation of Georgia Law - SPLOST Funds

Criteria: The OCGA Section 48-8-121(a)(1) states that the proceeds received from the tax authorized by this part shall be used by the county and qualified municipalities within the special district receiving proceeds of the sales and use tax exclusively for the purpose or purposes specified in the resolution or ordinance calling for imposition of the tax. Such proceeds shall be kept in a separate account from other funds of such county and each qualified municipality receiving proceeds of the sales and use tax and shall not in any manner be commingled with other funds of such county and each qualified municipality receiving proceeds of the sales and use tax prior to the expenditure.

Condition: The City has advanced some SPLOST funds to the General Fund.

Auditee Response/Status: Unresolved. See 2012-04
